Read the user manual carefully before using the luminaire and keep it for future reference.
Proper connection is required, please follow the step step by step as instructed.

IMPORTANT NOTICE!!!
PAIRING THE LIGHT WITH THE CONTROLLER
You can use the latest types of lights with the BEACON protocol:
1. separately with a remote control (DO) and even without WiFi.
2. or you can put the light into the Immax NEO PRO app and then pair the remote to the light.
1. Pairing the light with the DO:
Turn the light off for at least 5 seconds and then turn it back on.
Press A,B,C or D on the DO for 5 seconds (depending on which channel you want to
light (bulb) you intend to use). The light should flash to indicate successful pairing with the DO.
2. turn off the light (bulb) you have paired to the Immax NEO PRO app again for at least 5 seconds and continue as in step 1.

Translated with DeepL.com (free version)

LIGHT RESET - Reset the light only if the light does not go out pair with the gate or remote control. turn off and on LED luminaire 3 times with the wall switch. The interval between switching off and switching on should be 1-2 seconds. After the third switching on, wait until the LED luminaire starts to flash.

Lesen Sie das Benutzerhandbuch vor der Benutzung der Leuchte sorgfältig durch und bewahren Sie sie zum späteren Nachschlagen auf.
Der korrekte Anschluss ist erforderlich, bitte folgen Sie Schritt für Schritt der Anleitung.

WICHTIGER HINWEIS!!!
KOPPELN DER LEUCHTE MIT DEM CONTROLLER
Sie können die neuesten Typen von Leuchten mit dem BEACON-Protokoll verwenden:
1. separat mit einer Fernbedienung (DO) und auch ohne WiFi.
2. oder Sie können die Leuchte in die Immax NEO PRO App einbinden und dann die Fernbedienung mit der Leuchte koppeln.
1. die Leuchte mit der DO koppeln:
Schalten Sie die Leuchte für mindestens 5 Sekunden aus und dann wieder ein.
Drücken Sie 5 Sekunden lang A, B, C oder D auf der DO (je nachdem, welchen Kanal Sie wählen möchten).
(Glühbirne) Sie verwenden möchten). Das Licht sollte blinken, um die erfolgreiche Kopplung mit dem DO anzuzeigen.
2. Schalten Sie das Licht (die Glühbirne), das Sie mit der Immax NEO PRO-App gekoppelt haben, erneut für mindestens 5 Sekunden aus und fahren Sie wie in Schritt

WARNUNG!
Die Fernbedienung enthält Batterien.
Aus den Batterien können schädliche
Chemikalien auslaufen, die Haut, Kleidung oder den Bereich, in dem
wo die Batterie aufbewahrt wird. Um das Risiko von Verletzungen zu vermeiden, darf die Batterie nicht mit
keine Substanz aus der Batterie in Kontakt mit Ihren Augen oder Ihrer Haut kommen.
Jede Batterie kann zerbrechen oder sogar explodieren, wenn sie
Feuer oder anderen Formen von übermäßiger Hitze ausgesetzt wird. Während
Umgang mit Batterien sollten Sie vorsichtig sein. Um das Risiko von Verletzungen
durch unsachgemäßen Umgang mit Batterien zu verringern, beachten Sie
die folgenden Vorsichtsmaßnahmen:
- Verwenden Sie keine Batterien unterschiedlicher Marken und Typen im selben Gerät.
- Tauschen Sie beim Ersetzen von Batterien immer alle Batterien im Gerät aus.
- Verwenden Sie keine wiederaufladbaren oder wiederverwendbaren Batterien.
- Erlauben Sie Kindern nicht, Batterien ohne Aufsicht einzulegen.
- Befolgen Sie die Anweisungen des Batterieherstellers zur ordnungsgemäßen Handhabung und
Entsorgung der Batterie.
WARNUNG: Das Produkt und die Batterien sollten in einem Recycling-Center entsorgt werden.
